Dersin Kodu: BIMU4084		
Dersin Öğretim Üyesi: Dr. Öğr. Ü. Özgür Can TURNA		Dersin Adı: MOBILE PROGRAMMING
Sınav Tarihi ve Süresi: 27.12.2021 (60 dk)		Sınav Türü: Final
		Öğrenci No:
Öğrenci Ad-Soyad:		Öğrenci İmzası:

Not: This is an open-book exam. You can bring two printed books or worksheet with you. Good Luck

1. (50p) Write a code block to open a screen like popups to get input and return to the caller page. Use Navigator API.

2. (50p) We have student(studentId, name, surname, studentNumber), course(courseId, courseName), studentCourses(scId, studentId, courseId, year) tables on a SQLite Database. Write a db connection code in Flutter and query the courseName and number of students for year 2021. Write another query to get the course list for a student. (If student take this course more than one just get one of them.) Your code should include db connection, table creation and these queries. You can use sqflite or floor packages.
